MEMORANDUM FOR: Deputy Director for Intelligence  
FROM: Director of Central Intelligence  
SUBJECT: DDI Research Program for 1983

1. I looked through the research program in print and like it very much. I'd be interested in seeing whatever information is available on the contractor and the scope and breakdown of subjects on these OGI projects:

- Vulnerability of Third World Nations to US and Allies
- Foreign Government Industry-Targeting Programs
- World Financial Markets: Fragility, Structure, and Adaptability
- Soviet Strategy and Tactics for Destabilization in Third World
- Cuban Strategy and Tactics for Destabilization in Third World

2. Is anything going on in attempting to evaluate the progress, milestones and the degree of risk in a specific ongoing insurgency, and what kind of criteria might be applicable in such an evaluation?

A large, stylized handwritten signature in black ink.
